# Student **COMPANY PROFILE** Zone

# Student ABOUT Zone

Student Zone is an independent community aiming to narrow the gaps between parents, students, schools and universities.

We plan to support exclusively the students enrolled in international schools with a focus to support the IB© schools in Egypt.

We are planning collaboratively to create a distinctive community, college fairs, and workshops for high school students.

# Student **ABOUT** Zone

We are supporting schools to increase their enrolment rates and enhance their marketing presence during school exhibitions.

Student Zone provides a solid tactical and marketing roadmap to approach all parents who are searching for IB® schools or other international certificates and connect them with the school administrators.
